

EL GHALI SANY

MSc Finance and Banking Applicant | Investment Appraisal | Quantitative Finance Readiness | Risk Analytics

Lyon, France | sanyghali@gmail.com | +33 7 81 95 70 70 | LinkedIn: Elghali Sany | Portfolio: <https://el2545.github.io/Portfolio-Italy>

TARGET PROFILE

Finance and accounting graduate with applied experience in financial modelling, investment appraisal, risk-adjusted scoring, credit-risk exposure, and dashboard automation. Targeting Tor Vergata MSc in Finance and Banking to deepen quantitative finance, banking, econometrics, asset pricing, and risk-management capabilities.

EDUCATION

MSc Procurement & Supply Chain Management | INSEEC Business School | Oct. 2025 – Present | Lyon, France

- Graduate coursework and projects focused on cost analysis, procurement performance, operational decision-making, KPI modelling, forecasting, and data-supported management.

Bachelor's Degree in Management, Finance & Accounting | Université Internationale de Casablanca (UIC) | Sept. 2022 – Jul. 2025 | Casablanca, Morocco

- Graduated with High Honors / Mention Très Bien; foundation in accounting, corporate finance, management control, financial analysis, statistics, economics, and business law.
- Final project converted traffic, location, and cost variables into investment-appraisal outputs for outdoor advertising assets.

RESEARCH, CAPSTONE PROJECTS, AND TECHNICAL WORK

From Mobility Data to Investment Governance | Selected Research Proposal | Tor Vergata MSc Finance and Banking | May 2026

- Proposes a risk-adjusted financial evaluation framework linking mobility-derived demand indicators with CAPEX/OPEX modelling, NPV/ROI logic, governance risk, and data-quality scoring.
- Targets bankability and investment-risk appraisal through profitability-risk quadrants, location ranking, and scenario sensitivity analysis under EU/Italian governance benchmarks.

AI-MCDM Investment Scoring for Smart Cities under Carbon, Energy, and Geoeconomic Risk | Research Manuscript | May 2026 | INSEEC Business School

- Developed an AI-enabled investment scorecard combining XGBoost forecasting, carbon-adjusted DNPV, Real Options valuation, Fuzzy-AHP/MEREC weighting, and AROMAN ranking.
- Benchmarked project scoring against World Bank PPI, EIB project records, EIBIS, and World Bank WDI/ESG datasets; produced sensitivity and auditability disclosures.
- Reported 45.8% lower MAE for XGBoost versus Ridge regression in temporal validation; framed outputs as decision-support evidence, not deterministic optimisation.

Evaluation of Outdoor Advertising Profitability Based on Road Traffic: Casablanca Case | Bachelor Final Project | 2025 | UIC / 2ACOM

- Assessed OOH/DOOH investment profitability using SUMO traffic simulation, GIS mapping, socio-economic indicators, regulatory constraints, and CAPEX/OPEX/TCO modelling.
- Built a Potential Profitability Index integrating traffic volume, purchasing-power proxies, regulatory constraints, operating costs, and investment-scenario assumptions.
- Modelled 4 OOH/DOOH scenarios over 5 years; projected maximum ROI of 533% and a 5-week break-even point in the strongest scenario.

PROFESSIONAL EXPERIENCE

- Business Analyst – Financial Performance Intern** | SAN MAROC | Feb. 2026 – Present | Casablanca / Remote
- Evaluated a 97.9B MAD non-performing loan portfolio through segmentation by aging profile, recovery probability, and collection-priority logic.
 - Reduced reporting cycle time by 40% across 10+ business units using VBA and Power Query; produced dashboards for DSO, recovery rates, and collection KPIs.
- Business Analyst – Performance & KPIs Intern** | 2ACOM Advertising Sales Agency | May 2025 – Jul. 2025 | Casablanca, Morocco
- Built a 5-year financial model integrating ROI, CAPEX, OPEX, TCO, revenue assumptions, and break-even logic for OOH/DOOH investment scenarios.
 - Designed a multi-criteria profitability index with 15+ variables across 5 Casablanca market zones to support advertising-location investment decisions.
- Analysis & Reporting Intern – Client Portfolios & Risk** | MAGHREBAIL Leasing & Financing | Jul. 2024 – Aug. 2024 | Casablanca, Morocco
- Analyzed financial performance and credit-risk exposure across 20+ corporate client portfolios in a leasing and financing environment.
 - Standardized reporting outputs to improve reliability of client financial-commitment tracking and portfolio review.

TECHNICAL SKILLS

Finance & Banking	NPV; ROI; CAPEX/OPEX/TCO; DCF reasoning; break-even analysis; scenario analysis; credit-risk exposure; portfolio segmentation; DSO and recovery KPIs.
Quantitative & Data Analysis	Statistics; sensitivity analysis; ranking models; regression/classification workflow; Python fundamentals; model validation logic; data-quality checks.
Spatial & Simulation Analytics	QGIS; SUMO; traffic-exposure mapping; spatial buffers; GIS-supported investment appraisal; location-scoring matrices.
Tools	Advanced Excel; VBA; Power Query; Power BI; basic SQL; dashboard design; reporting automation; Microsoft Office suite.

LANGUAGES

- French: C2 / bilingual level | English: B2 | Arabic: native

ACTIVITIES AND INTERESTS

- Leo Club: community-service and student leadership activities; Cultural & Artistic Club, UIC: campus-event participation.
- Interests: quantitative finance, banking risk, infrastructure finance, financial econometrics, smart-city investment, AI governance, and urban mobility analytics.
